Year Ago: 32,821

Compared to last week: Feeder steers 500-749 lbs which sold mostly 2.00-5.00 lower. Heifers 500-849 lbs sold mostly 2.00 to 6.00 lower, with the exception of 650-699 lbs heifers which sold mostly 1.00-3.00 higher. All other weights of steers and heifers were too lightly tested to develop an accurate market trend, however lower undertones were noticed. Quality this week was mixed from plain to attractive with big quality differences between sales. Overall, quality this week was not as attractive as last week. CME contract prices were a major discussion among order buyers and ranchers this week as prices since the release of last weeks cattle on feed report have been in a tailspin. The April contract closed Monday and settled at 145.98. The May contract as of Thursdays close was 143.55, down 7.975; the August contract as of Thursdays close was 153.25, down 7.425. However, demand for grass cattle remains mostly good despite huge losses seen on all CME positions. Overall demand was mix with good demand seen for cattle suitable to fit grass orders and mostly light to moderate for all other weights of cattle. Market activity this week was slow to moderate. Weigh up cows sold on mostly good to very good demand for moderate offerings this week. Packers and feeding cow buyers both were very aggressive as they attempted to fill orders this week. Packers have seen an uptick in meat prices over the last few weeks as the cutter cow cutout pushed over 170.00 for the first time in months. This gave packers more leverage as they bid on offerings. However, feeding buyers felt just as emboldened as many have seen prices for premium white cows increase throughout the spring. With cow feeders emptying the last of the pens from winter and early spring many are looking to replace these cows. With both feeders and packers bidding aggressively on cows, cows reached their highest prices so far this year. Slaughter cows sold mostly steady to 3.00 higher. Feeding cows sold mostly 3.00-5.00 higher. The best demand seen this week was for fleshy cows. Slaughter bulls sold mostly 2.00-3.00 higher. 2-3 year olds continue to sell on good demand as order buyers and local ranchers both pushed to fill orders. 2-3 year olds sold steady to firm this week. Supply included: 66% Feeder Cattle (34% Steers, 63% Heifers, 3% Bulls); 12% Slaughter Cattle (80% Cows, 20% Bulls); 23% Replacement Cattle (97% Stock Cows, 2% Bred Cows, 1% Bred Heifers). Feeder cattle supply over 600 lbs was 60%.
